

ROBOTICS CAMP

No experience necessary!

Campers will be introduced to the basics of engineering as they learn to design, build, program and test their own Lego Mindstorm robots and participate in a variety of creative design activities. This is a great opportunity to explore STEM fields, make new friends, and create amazing things!

Who? Incoming 4th through 6th graders

When? June 26-30 from 9:00 to 1:00 (Snacks will be provided!)

Where? Hosted in Room 118 at Dublin Coffman High School

Cost: \$150 made payable to Dublin Robotics Boosters
